

LHON: Developments in Research & Rehabilitation

19 September 2022, 13:00-15:00 CEST

Free interactive Webinar

Learn about a pioneering research study into LHON, and find out more about rehabilitation when living with vision loss at our free webinar.

Join others living with LHON, carers, researchers and health care professionals.

During this interactive event, there will be plenty of time to ask questions and engage in discussion.
